Your wedding day is the most special day of your life, the one you have been dreaming about, forever.

It's a day to share your love with both friends and family. At Platform One and CTO Catering we take care of one of the most important ingredients, the reception.

We understand that no two weddings are alike.

It's the personal touches, care, and attention to detail that go into the planning of your big day that make it all the more special, as special as your love.
